In Gratitude

First Call's 2012 Annual Awards Ceremony, In Gratitude, will celebrate those who have worked tirelessly to reduce the stigma often associated with substance use disorders. These champions have developed new, research-based treatment strategies; volunteered their time; donated their dollars; and advocated for public policy changes. This year we will continue to honor those we want to remember who fought valiantly against addictive disease, but ultimately, lost.

Addiction to drugs or alcohol is not a moral issue. It is a chronic and progressive disease that is too often fatal. Together, we can make the changes that will save many lives to come.

Reading of the Names

Individuals, family members and friends are invited to submit the names of loved ones they have lost to addiction. The names will be read prior to the award ceremony, as we remember those whose memory inspires us to work harder on behalf of those to come.

Please list the name(s) of those you would like us to remember on April 17th.
